AWAKENING KNOWLEDGE
EMPOWERING FUTURES

Message from Chairman

Starting the struggle of life at a very early age. I have traversed the tough road to success through myriad experiences and experiments. In this journey, I have come across thousands of people. A few successful in rising on the path of successes, the others merely dragging on with their lives. In my interview with them I found that the biggest lagging was in their basic education. While people went through their education merely passing exams for degree, they lacked in the basic skills of effective communication and Arithmetic. The overemphasis on Examination and marks has taken the most important element of schooling away from the children, learning and preparation of their lives. These experiences have proved very helpful in pursuing one of the most important missions of my life setting up the Gurukul, Rewa where the kids can get a complete environment to grow with their best qualities as human.

“To make every student a gift of God to mankind and a pride of the humanrace.”

With good wishes.

Chairman

Dr. Rajanish

B.E. (HONS), MBA, P.HD.

A Holistic Approach to Education

At Gurukul, Rewa, our educational philosophy is rooted in the time-honoured '**GURUKULAM**' tradition, blending the wisdom of ancient Indian culture with modern teaching methods. Our focus is on nurturing well-rounded individuals through the development of mind, body, and spirit.

We emphasize the use of advanced teaching aids, offering computer-aided learning across all classes up to the middle level. This fusion of modern technology with the rich cultural heritage of India ensures that our students receive an education that is both progressive and deeply connected to our traditions.

Spiritual and value-based education, guided by experienced mentors, plays a vital role in shaping the character of our students, helping them grow into responsible, compassionate citizens of the world.

Message from Academic Director

It brings me great happiness and pride to share that Gurukul, Rewa has completed twenty years of dedicated service with integrity and commitment. This milestone is a testament to the trust placed in us by parents who have always sought a better educational future for their children. For years, Rewa lacked a school that offered a truly holistic education, one that combined academic excellence with strong moral values, nurturing children to become responsible citizens of tomorrow.

At Gurukul, we strive to create an environment that prepares students mentally, physically, and spiritually to face the challenges of the world. Our focus is on fostering creativity and a scientific mindset, encouraging every child to hone their skills with confidence. Our campus is equipped with top-tier infrastructure, both in academics and sports, to help students reach their full potential during these formative years. The excellent residential facilities offer a nurturing atmosphere filled with knowledge, creativity, and a spirit of sportsmanship.

We are dedicated to providing the best for every child under our care, in an economical package, in line with our vision of making each child a gift to society and a source of pride for humanity.

With Good Wishes

Mrs. Aparna Banerjee

Unlocking Potential

What We Provide at Our School

Nutritious Meals:

Our spacious dining hall serves well-balanced, vegetarian meals in a hygienic environment, seating up to 750 students at a time. Meals are supervised by teachers to promote healthy eating habits.

Hygiene & Safety:

The kitchen is equipped with food-grade utensils, and cleanliness is maintained with strict hygiene protocols for cooking and cleaning staff

24 Hours of Productivity

A school hostel day blends academics, personal development, and recreation. It starts with morning exercises, followed by breakfast, classes, and lunch. Afternoons are for extracurriculars, and evenings allow for self-study or relaxation before dinner and lights-out. This routine fosters discipline and balanced growth.

Safe & Comfortable Living:

Our residential campus offers separate, secure hostels for boys and girls, equipped with fully air-cooled rooms, 24-hour running water, round-the-clock attendants, and robust security systems.

Accommodation Options:

Students can choose from dormitories, triple-sharing rooms, or AC rooms based on their preferences. Hostels accommodate students from KG to Class XII, grouped by age, and follow a structured schedule that promotes discipline and healthy routines.

On-Campus Staff Support:

Teachers, administrative staff, and emergency personnel reside close to the hostels, ensuring constant supervision, guidance, and care.
